

Charge it, Bring it, Protect it!

C H R O M E B O O K

Charge Your Chromebook	Make sure your device is charged and ready for use at the beginning of each school day.
Handle With Care	Close the lid and carry with both hands. Do not pick up Chromebook by the open screen. Remove items from keyboard area before closing the lid. Proper handling/placement will keep your Chromebook from being damaged.
Respect Yourself & Others	I will respect myself and others through my actions, and I will act with integrity. I will protect myself and others by reporting any activity that could be harmful to myself or others.
Only You Can...	Control your actions. Act with integrity. Refrain from using your device to bully, intimidate, or attack others. Refrain from attempting to circumvent the monitoring and filtering software in place.
Monitored Use	Programs are used to filter student access at home and allow teachers to guide access during class periods at school. I understand that for my protection and for others, all activities (home and school) can be viewed if necessary.
Educational Use	Chromebooks are provided for educational use while in school and at home. Each teacher will govern when the Chromebook is used in the classroom.
Bring Your Chromebook	Bring your fully charged Chromebook to school each day and to all classes unless expressly advised not to do so by the teacher.
Observe the AUP	I agree to follow the PCS Acceptable Use policy while using my Chromebook.
Only You Can...	Protect your Chromebook from damage. Keep device secure and do not leave unattended. Do not leave in a vehicle and keep out of extreme weather conditions (cold/heat). Avoid placing weight or pressure on the lid or stretching the power cord. Keep food, drinks, and animals away from the device.
Keep It Clean!	Clean with a lightly moistened soft cloth (water ONLY). Do not use paper towels, tissues, or any products with chemicals on the device screen. Microfiber cloths work the best.
